### Year Long Stableford

New for this year will be a season long stableford. On the weeks that you play your own ball, we will score your card with the stableford scoring system. Anyone who completes in 75% of the weeks is eligible for the yearlong competition. The player with the best gross and net average will win.

Double Eagle ... 8 points  
Eagle ... 5 points  
Birdie ... 2 points  
Par ... 0 points

### On Course Proxy & Low Net

In recent years, we would have two on course games each night. This year we are replacing one of those proxies with a "Low Net" payout. The player, or players, with the lowest net score will win the golf shop credits.

### Scoring Template

The questionnaire I sent out a month back pointed out that people want a refresher on how to properly score the two person best ball net match play format. I will be creating this document and sending it out in the very near future.
